What Our Partners Say About Us

“We can highly recommend using the services of Reduce my Costs. In the last year they have obtained substantial overpaid Input Tax refunds from our Energy Suppliers, together with reducing our Credit Card transaction costs by 50%. The organisation provided an excellent service.”

Andy, Golf Club

“We are delighted with the support of Ollie and his team at Reduce My Costs. During the COVID-19 Pandemic – Many businesses have struggled financially, and security of their operations has been put at risk. Savings through reimbursement claims on energy costs supported by the team in our Water, Electricity and Gas Bills has helped put the football club in a better financial footing to continue our work as a sport organisation.”

Darren, Football Club

“They have been a huge help with sorting our bills for multiple offices / properties, finding us the best rates and even gone above and beyond by calling companies on my behalf and offering advice. I honestly, couldn't recommend a company more! They are very honest and helpful, they don't ignore your calls the second you've signed up, the service is always there. I've had a few other companies try and get me to sign up, they were very sneaky and applied so much pressure, I never felt this when using Reduce My Costs. “
